**Registration for 2025-2026**

I am busily working on setting up the registration process for January. I wanted to send an overview out so that you can think about and plan for registration over the Christmas holiday break. I am not sure who will be teaching which classes next year. I hope that I do not have too much change, however I never know what could transpire between now and next fall. If you have any questions, feel free to email or call me.
